POSITIVE PROOF

Should Convince the Greatest Skeptic in Barre.

Because it's the evidence of a Barre citizen.
Testimony easily investigated.
The strongest endorsement of merit.
The best proof. Read it—
C. N. Bonadies, Eastern avenue, Barre, Vt., says: "The great merit of Doan's Kidney Pills has been so simply proven to me that I can give them my strongest endorsement. Four or five years ago, I was injured, and from that time on was troubled a great deal by pains across my loins and kidneys. Stopping or lifting caused me distress, and I was annoyed a great deal by a retention of the kidney secretions. A friend, knowing how I was troubled, advised me to try Doan's Kidney Pills, and I did so, procuring my supply at Drown's drug store. I received the most gratifying results. My back and kidneys were strengthened and my health improved wonderfully. Since that time, whenever I have felt out of sorts, I have taken Doan's Kidney Pills, and they have never failed to give me the desired relief."
For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

AMUSEMENT NOTES.

Yale Stock Company Comes to Barre Opera House to-night.

The amusement loving public is beginning to know and watch the different theatrical managers' various methods of conducting their business, so that when different attractions appear in their cities they know, and do not have to guess, whether they are going to get a first.

Mrs. Eugene Marshall and her sister, Mrs. Preston Reed, of East Brookfield were in town on Tuesday. Mrs. Reed tells us that her husband has been in quite poor health of late. Mrs. Marshall was left a widow, with three small children, last fall.

Hiram S. Drury has as a guest A. E. Emerson, a large farmer in Troy, Vt. Mr. Emerson married a cousin of the Drurys, whose mother was a sister of H. S. Drury's late father. Mr. Emerson is quite an invalid, from some trouble of the spinal column, and he is now to try a course of osteopathy with Dr. Lewis D. Martin.

A great lack in so many of our village residences is that of bathrooms, and thus many of our young men are deprived of what is not only a luxury, but a real necessity. Of our own motion, then, we want to tell all such that at Warren Green's shop they can, at all times, get warm and cold baths, with all needed accessories, and with all the privacy of a home.

We have just read that a Scotchman visiting Niagara falls thought they were not as remarkable as a peacock, in Peckham, with a wooden leg. We can match that Scotchman with the small boy in Williamstown, who not long ago said "the biggest thing in the world is the float bridge in the Pond village, Brookfield."

It is a great pleasure to watch the steady advancement that the two sons of the late John M. Duffus have been and are making. Both these sons will graduate this month from the Stanford university in California. Robert, the younger, will be an assistant professor in the Stanford university the coming year, with the chance for further study there, and, at the end of the year, the obtaining of the degree of A. M. Will, the older son, has won a scholarship that gives him a year in the Wisconsin state university, where he will take the course in economics. There is hope that both these young men will visit their widowed mother, in Waterbury, this summer.

An amusing story of the old Barre academy days has just been revived here. It was at a time when the old, and, we believe, profitable, method of parsing was in vogue, and Principal Jacob S. Spaulding himself was drilling an adult class in the art. A line or two of the parsing lesson on the day of which we write follows:

"The Turk was dreaming of the hour when Greece's her knee in supplication bent."

Should kneel and tremble at his power. As we recall it now, after so many years, Mr. Spaulding would sit on the platform at the end of the large hall, with his class on the settees before and below him, and, when a pupil would make a recitation, he would rise to his feet. The method of parsing, too, we think, was first to pronounce the word to be parsed, then go through with moods, tenses, number, persons, etc., as the case might be, and finally wind up with repeating the words, governing and governed, in certain cases, anyway. In accordance with this method, a well-known character in the class came that day to the word "knee." In the above position, and he started out with magnificent assurance: "Knee—common noun—third person—singular number—objective case—and governed by Greece! Greece her knee!" It is a story that will meet the eye of any pupil of the beloved old teacher, Spaulding, so full of fun, that pupil will not need to be told what followed in the professor's chair, or in the seats below. Dynamite would not be in it!

Notice.
All persons having unsettled accounts with me are requested to settle the same at once. By complying with this notice. It will save further annoyance for all of us.

WILLIAMSTOWN.

A. N. Fellows has gone over to his 100-acre farm in West Topsham, to help in some spring's work.

Mrs. Charles C. Staples has been confined to the bed by illness in late days, and is under a physician's care.

We are told of a rather painful number of vacant tenements here, just now. But "wait a wee," till our W. P. A. gets its bearings.

Charles M. Edison and Harry, son of Fred Whitney, who have had autos in the past, are said now to have new ones this year.

One of our friends here has just shown us a turned wooden cup that was made by a boy in the West, who was born without hands, and is remarkable, as an Englishman might say.

Let our citizens fail not to remember that every ticket sold for the entertainment of this (Thursday) evening counts for work to be done for our village by the Village Improvement society.

Miss Sadie Boyne, a granddaughter of the late Charles W. Adams, and a teacher whose services seem always in demand, has the school in the old Judge Paine district, now the Clifton district.

After the manner of the old Barre academy story, revived in this column, it is reported that our W. P. A. will "Greece" our Main street this season, to keep the intolerable dust laid. Good!

There is said to have been a falling off from last year in the number of polls listed here April 1 last. The shrinkage may be accurate, and is due, likely, to the lockout and strike in the granite business.

It is told us that the Spanish granite cutter, Cosme Figueroa, is to buy the old James M. Cheney house in Mill village and move to it soon. At present, Mr. Figueroa is in one of Mrs. W. N. Gearson-Kendall's houses.

Mrs. Eugene Marshall and her sister, Mrs. Preston Reed, of East Brookfield were in town on Tuesday. Mrs. Reed tells us that her husband has been in quite poor health of late. Mrs. Marshall was left a widow, with three small children, last fall.

The funeral of Orion Woodcock, who died at an early hour Monday morning, was held from his late home on Pearl street at 2 o'clock on Wednesday afternoon. Rev. Fraser Metzger officiated. The services were under the charge of the G. A. R. and the bearers were from the U. S. Grant post, of which he had long been a faithful member. Deceased was an old and venerable man, and his death was a loss to the community. Through the kindness of his wife, he was also a member of Phoenix lodge, No. 29, F. and A. M., and a Knight Templar, a member of the Montpelier organization. In the days of the mid Christian church, he became interested in and joined that church and was a Sunday school teacher there 19 years. Upon the union of the church with the Bethany church, he still retained his membership there. Deceased was born January 5, 1833, and is survived by a wife and distant relatives. Mr. Whitcomb of Plainfield was among those who were present at the funeral services.

Lion Fondles a Child.

In Pittsburg a savage lion fondled the hand of a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through colds, croup and whooping cough. They slay thousands that Dr. King's New Discovery could have saved. A few doses cured our baby of a very bad case of croup, writes Mrs. George B. Davis of East Rock, N. C. "We always give it to him when he takes cold. It's a wonderful medicine for babies. Best for coughs, colds, lagrippe, asthma, hemorrhages, weak lungs. 50c and \$1.00. Trial bottle free. Guaranteed by the Red Cross Pharmacy."

MONTPELIER.

Judges' Anniversaries to Be Celebrated. Music Supervisor Resigns.

Since the 75th birthday anniversaries of Chief Judge John W. Rowell and former Associate Judges James Tyler and H. H. Powers occur this year, the president and some of the executive board of the Washington County Bar association met this week and decided to celebrate the occasion with a banquet or reception at the Pavilion May 21. Judge Rowell reaches the milestone June 9, but it seems better to have the celebration in May, as in June the county courts will be in session and the judges will be busy. Not all the members of the association have yet been heard from, so the decision is subject to change, if necessary.

The local Y. M. C. A. is to hold a campaign from May 16 to May 23 to raise \$3,000 for the current year's expenses and indebtedness.

H. P. Fenning of New York began work last night as night operator and station agent at the Central Vermont depot, taking the place of C. E. Bemis, who has been shifted to another place, not yet announced. Mr. Fenning was formerly a wireless operator on an ocean liner.
